# Roundit 2000 FR

Roundit 2000 FR is a wrap-around braided sleeving manufactured from flame-retarded polyester monofilaments and texturised flame-retarded polyester multifilaments. The self-wrapping feature of Roundit 2000 FR allows for quick and easy installation and removal of the product for assembly and maintenance. Roundit 2000 FR is zero-halogen and provides excellent cut-through and abrasion resistance.
